Sir or Madam:

It has recently come to our attention that there may be an error in the patent term adjustment calculated by the U.S. Patent and Trademark Office for the above-referenced patent application. Specifically, the patent term adjustment pursuant to 35 U.S.C. 154(b) of 575 days indicated on the Determination of Patent Term Adjustment, PTOL-85, may extend the term of this patent by too many days. Please review the calculation of the patent term adjustment and make corrections, if necessary.

The Patent Term Adjustment may have been incorrectly calculated because a Request for Continued Examination which was filed on January 1, 2008 may have caused an extra 28 days of applicant delay. The U.S. Patent and Trademark Office listed 21 days of applicant

delay. However, the total applicant delay may be 49 days including the 28 days for the Request for Continued Examination.

Respectfully submitted,

May 7, 2008
